Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Vinton Water and Wastewater Phase III in fiscal year 2023.

The entity to receive funding for this project is the Village of Vinton, located at 436 E. Vinton Rd., Vinton, TX 79821.

The funding would be used to provide for the expansion of a looped water and sewer system with wholesale supply of treated potable water and treatment of wastewater for the local business sector. The proposed system includes approximately 21,600 linear feet of 8-to-12-inch waterline, one master meter, 44 fire hydrants, and approximately 65 first time commercial service connections. On the wastewater side, the system would include 13,980 linear feet of 8-inch sewer line and the decommissioning of 59 on-site sewage facilities. The implementation of adequate water and sewer infrastructure will address public safety and health concerns that include fire flow and environmental health.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Veronica Escobar".
