Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Fabens Airport Fuel Farm & AWOS Improvements in fiscal year 2023.

The entity to receive funding for this project is El Paso County, located at 500 E. San Antonio, El Paso, Texas 79901

The funding would be used to introduce new and modern weather instruments to the Fabens Airport while also creating a way to offer jet fuel to aviation customers. The improvements to be developed through this proposed program align with our shared goals of enhancing activity at the airport by providing access to jet fuel to provide fuel alternative options and providing pilots with the fundamental tools and data necessary for landing and takes offs. Currently, pilots landing at the facility must rely on data from El Paso International Airport, a facility located in the middle of urban El Paso nearly 25 miles away.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Veronica Escobar".
